WELCOME TO BROADCAST EXCELLENCE

Are you ready to make your mark in the dynamic world of media? The College of the Arts offers comprehensive, hands-on training through its Diplomas in Television and Radio Production. Whether your passion lies in the visual storytelling of television or the captivating soundscapes of radio, we provide the practical skills you need to thrive in Namibia's fast-growing media industry.

COURSES OFFERED:

DIPLOMA IN TELEVISION PRODUCTION

This hands-on, practice-based diploma equips students with the real-world skills needed to thrive in Namibia's growing film and television industry. From storytelling and camera work to editing and production management, students dive into every stage of the creative process.

As the only institution in Namibia offering a practical qualification in Television Production, the College of the Arts plays a vital role in shaping the next generation of media makers. With the media sector expanding rapidly, the demand for skilled creatives is higher than ever. This programme unlocks the creative potential of young Namibians — not just for expression, but as a powerful resource for economic and cultural growth.

DIPLOMA IN RADIO PRODUCTION

This dynamic, hands-on programme prepares students to step confidently into Namibia's radio broadcasting and production industry. Through practical training in research, scripting, recording, editing, and live presentation, students develop the skills to create a wide range of professional radio content.

Rooted in creativity and critical thinking, the diploma also encourages thoughtful engagement with media ethics, freedom of expression, and the legal dimensions of broadcasting. With a strong emphasis on both theory and practice, students graduate ready to shape conversations and connect communities through sound.
